

مشغلو محطات الشحن المرخصون (CPOs) في دبي

LICENSED CHARGE POINT OPERATORS (CPOs) IN DUBAI

As part of the implementation of the Electric Vehicles Charging Infrastructure Regulation in the emirate of Dubai, only entities licensed by Dubai Electricity and Water Authority (DEWA) are authorised to operate public EV charging infrastructure.

To instal and operate any public chargers, a CPO licence must be obtained either directly by your organisation or through one of the licensed CPOs listed below who have met the regulatory requirements and are authorised to provide public EV charging services in Dubai for their respective chargers.

في إطار الجهود الرامية إلى تطبيق تنظيم البنية التحتية لشحن المركبات الكهربائية في إمارة دبي، يُسمح فقط للجهات المرخصة من هيئة كهرباء ومياه دبي بتشغيل البنية التحتية العامة لشحن المركبات الكهربائية.

لتركيب وتشغيل أي أجهزة شحن عامة، يجب الحصول على ترخيص مشغل نقطة شحن، إما مباشرة من قبل مؤسستكم أو من خلال أحد مشغلي نقاط الشحن المرخصين المدرجين في القائمة أدناه والذين استوفوا المتطلبات التنظيمية وحصلوا على الترخيص اللازم لتقديم خدمات شحن المركبات الكهربائية العامة في دبي باستخدام أجهزة الشحن الخاصة بهم.

DISCLAIMER:

Please note that DEWA provides a list of licensed CPO companies that meet all necessary approvals. However, DEWA is not responsible for any professional advice, boundary issues, damages or the quality, reliability or performance of goods or services provided by the licensed CPO companies. Any contractual agreements, warranties or liabilities remain between the CPO companies and their clients.

إخلاء المسؤولية:

يرجى ملاحظة أن هيئة كهرباء ومياه دبي توفر قائمة بالشركات المرخصة كمشغلي نقاط شحن، والتي استوفت جميع الموافقات اللازمة. ومع ذلك، لا تتحمل الهيئة أي مسؤولية عن أي استشارات مهنية، أو مشكلات تتعلق بالحدود، أو أضرار، أو أي مسؤولية عن جودة أو موثوقية أو أداء المنتجات أو الخدمات التي تقدمها هذه الشركات. وتنحصر جميع الاتفاقيات التعاقدية والضمانات والمسؤوليات بين هذه الشركات المرخصة وعملائها.
